On the sign up page you'll see a variety of options for your membership. Choose the one that looks the best to you and click on it. The best value is in the annual 'TourCard' package offering membership to both sites, which will get you the LPGA and the European Tour along with the PGA TOUR.

Once you've clicked on your package you'll need to enter your details into the form. Follow the prompts when it asks for your credit card details, make sure you find the Promo Code box to the side. By entering the code you'll find on the card in this pack you'll get a month's free trial!

WATCHING LIVE & ARCHIVED GOLF ON YOUR COMPUTER

Once you've got your membership, you can start watching the golf right away. Simply log in to either PGA TOUR LIVE or WORLD GOLF PASS, using the LOG IN button in the top right hand corner of the websites.

Once inside you'll see the large slide carousel at the top of the page. We use this to keep you informed of any news around the platforms, such as competitions or extra camera feeds available for specific tournaments.

Under the carousel are tiles which link to the current tournament of each tour.

Select one of these tiles to watch that days play (you see from the tiles header whether play is live or archived). This will take you to the video window and play will automatically start for you.

You can watch old events using the schedule page. Every tournament played on the platform is housed there forever, so there's no need to record anything - it's always right there at your fingertips.

CHANGING TOURS

If you wish to say, change from the LPGA to the European Tour on World Golf Pass, you'll see the option to switch over every place you see the Tour Selector (pictured above) It's on both the main carousel page and the schedule page.
